

model
W41

Model 180x80 – with convergent doors for installation on already fitted standard shower trays next to the storage space on floor. Model in recess for the shower enclosure complete with the storage space. The storage space can be equipped with shelves but it must not be used to contain household appliances. In this configuration, the shower enclosure Twin can be installed on an already fitted standard shower tray; the storage space is placed on floor beside the shower tray.

**Pivot door
Niche**

collection
Twin

The Twin series have a hinged opening, both for the shower side and for the useful space. The door of the technical compartment is always made with a mirror, to have a large reflecting surface in the bathroom. In all the models the door opens outwards.
