

model
T11

Model 160x80 – for installation on Gemini shower trays or directly on floor. Model in recess for the shower enclosure complete with the storage space. The storage space can be fitted with shelves or can contain household appliances in full compliance with the standards on the use of electrical appliances in the bathroom. In this configuration, the shower enclosure Twin has been designed for installation on Gemini shower trays or directly on the adequately prepared floor.

Pivot door
Niche

collection
Twin

The Twin series have a hinged opening, both for the shower side and for the useful space. The door of the technical compartment is always made with a mirror, to have a large reflecting surface in the bathroom. In all the models the door opens outwards.
