

model
ZG+ZQ+ZF

3-sided shower enclosure with sliding opening on central side. It is realized combining two fixed sides ZF+ZG to a third sliding door ZQ.

Sliding door
Wall

collection
Serie 7000

All the 7000 series shower enclosures have a sliding opening. This type of opening is useful for optimizing space and also allows you to avoid falling drops on the floor when leaving the shower. The doors are hung on the upper rail for means of trolleys fixed directly to the glass.
