

HINGED SHOWER ENCLOSURE

XN+XG / SUPERSINTESI

WHERE TO BUY

© Copyright 2025 Vismaravetro srl

XN + XG is a corner shower enclosure consisting of one side with a hinged door coupled to a fixed element. The hinged door, equipped with aesthetic hinges, can be opened outwards. This model is used when you need to hinge the door in the corner and have the door closing towards the wall. The shower enclosure, characterized by a rigorous cleanliness of the design lines, does not give up a very high functional standard.

SuperSintesi is the new Vismaravetro program for a shower enclosure with hinged door. High functionality beyond the rigorous design and the aesthetic research.

PLUS

CLOSING WITH MAGNETIC SEALS ASSEMBLED ON ALLUMINIUM PROFILES

Closing with magnetic seals applied to the aluminium profiles along the glass section with minimal dimensions.

EASY TO CLEAN

Thanks to the innovative technical solutions, the components of this shower enclosure are placed in the glass thickness, thus allowing easy cleaning of the entire surface. The metal components are designed without sharp edges, which is quite helpful during the routine cleaning of the product.

EXTERNAL TOWEL HOLDER

On fixed elements, it is possible to install a towel holder.

MINIMAL MAGNETIC SEALS

The magnetic seals are applied to the aluminium profiles along the glass section: minimal dimensions and elegance.

PRODUCT WITH CE MARKING

Product conforming to EN14428:2015 with CE marking

S.M.F. (EASILY MOUNTING SYSTEM)

It is a patented system combined to an innovative extensibility solution thus allowing an ideal panel positioning and at the same time avoiding the water leak.

TPA TREATMENT PREVENTING LIMESCALE

Vismaravetro uses a innovative technology "TPA" for protecting the glass surfaces of shower enclosures. The glass surface is treated with a polymer which limits the adhesive properties of residues such as limescale, grease and soap deposits. The TPA treatment helps with the cleaning and removal of the lime scale deposits and residues from the glass.
